Subject: Press interest in Sunnyside Gold Letter

Hi, Rich.

In follow up to my earlier brief message, there was a reporter from the Silverton Standard and one from the Durango Herald at the ARSG meeting this afternoon. They were interested in the discussion about the SGC letter. The reporter from the Herald asked a follow up questions about when SGC plans to respond to the letter. Larry Perino said it would be within a month. Paula spoke about why the agencies sent the letter and follow up with an explanation that, though we planned to continue working cooperatively with the ARSG members, if SGC entered into an agreement with EPA to take the actions proposed in the letter, the negotiations would not be public.

We'll try to get a copy of the Herald before we leave town in the morning. Any questions, just give me a ring at 720-935-5354.

Thanks,

Cynthia
